PROPOSAL

Proposal 2026-1

A proposal to convene a constitutional convention for the purpose of drafting a general revision of the state constitution

Shall a convention of elected delegates be convened in 2027 to draft a general revision of the State Constitution for presentation to the state’s voters for their approval or rejection?

Proposal 2026-2

A proposed initiated law to prohibit campaign contributions from certain regulated utilities and government contractors and apply campaign finance laws and regulations to additional types of political communications
The proposal would:

• Prohibit regulated electric and gas utilities, contractors with over $250,000 annually in government contracts, and people and organizations with substantial connections to these utilities/contractors from making direct or indirect campaign contributions to those who run for or hold offices that impact them.
• Expand laws regulating spending on political communications, including those requiring disclosing donor information, to apply to communications clearly identifying candidates or ballot questions, even if they do not expressly advocate voting for/against them.
• Expressly apply the law requiring disclosure of who paid for political communications to internet political communications.

Should this proposal be adopted?
